

Before the event, please download the iNaturalist App.

If you have a smart phone or android device:

1. Go to App store and download iNaturalist, LLC
2. Sign up
3. Be sure to ALLOW iNaturalist to access your location and camera
4. Go to '...' (More)
5. Go to Projects and search for Valley Center Trails Assoc and JOIN
6. You are read to start observing!
7. To view tutorials click the 'gear' icon in the upper right hand corner.

If you want to use your digital camera you can upload pictures via the iNaturalist.org website:

1. Go to www.iNaturalist.org
2. Sign up
3. Set timezone
4. Go to Projects and search for Valley Center Trails Assoc and Click Join This Project (small type in upper right side of page)
5. Under "*Allow Project curators to view the private coordinates of your observations when added to the project*"... Select: Project Members
6. When using your camera make sure that GPS location is enabled and that Time/Date are accurate.

You are all set to BioBlitz! The only rule.... it must be wild!

For more information about a BioBlitz go to www.iNaturalist.org
